

Financial Tear Sheet

Corporate Profile

Mediacom Communications is the nation's fifth largest cable television company based on the number of video customers, and among the leading cable operators focused on serving the smaller cities and towns in the United States. Our service areas have a significant concentration in the Midwest and Southern regions, and we are the leading provider of broadband services in Iowa and the second largest in Illinois.

Through our interactive broadband network, we provide our customers with a wide variety of advanced products and services, including video services, such as video-on-demand, high-definition television and digital video recorders, high-speed data and phone service. We offer the triple-play bundle of video, HSD and phone over a single communications platform, a significant advantage over most competitors in our service areas.

Our objective is to be the preferred multi-platform provider of entertainment, information and telecommunications services, as well as the recognized leader in providing superior customer service and support in the markets we serve.
